

Want to be mentally and physically healthy?

VOLUNTEER

for just 2 hours each week!

No matter what research, anecdotes, survey or data are most important to you, they all demonstrate that people who volunteer enjoy increased physical and mental health, a deeper sense of meaning, and a decrease in depression and/or anxiety levels. All of this is true regardless of the physical or mental state of the volunteer before they start volunteering.

It's FREE! YOU reap many health benefits!
It builds MEANING, CONNECTION, and VALUE!

I sometimes hear from people who 'want to tell their story to the youth to keep them from going to prison'. It's an interesting idea, but just 'telling' probably won't work. The youth today - just like when you were a youth - won't learn from old people's stories. But if an old person will listen to them? That might make a big difference, and once you build trust, you may be able to share your story after all. When you listen, you can gain trust, and then help them build the future. Listening helps people feel valued, which can increase their feelings of agency and power over their lives.

There are many ways, formally and informally, that you can commit to supporting others:

- Wherever you go, there are people who need attention; who need to be heard and honored.
- There are people who need to eat, need help shopping and help taking care of their home.
- There are people who need support, need to learn how to ask good questions, need to find their voice, need to learn to establish good boundaries, need to learn *how* to learn, and also to re-learn how to express themselves through art, movement, music, and imagination!

In a 2009 survey* of 4582 people, at an average of 2 hrs/wk., people said this about volunteering:

96%: feel happier (A way to relieve our suffering from unhappiness and depression!)

92%: enriches my sense of purpose in life

89%: improved my sense of well-being

78%: helps with recovery from loss and disappointment

77%: improves emotional health

73%: lowers my stress levels

68%: made me feel physically healthier

According to Post, volunteers have less trouble sleeping, less anxiety, less helplessness and hopelessness, better friendships and social networks and a sense of control over chronic conditions. Those who received help from others also benefit greatly from helping others!

You may want to starting your volunteerism with an established organization. Or you can certainly start your own thing. That's how Fair Shake got started!

It's a GREAT way to meet new people, to immerse yourself in a diverse group, to network in new circles, to demonstrate your character and commitment, to build community and faith in humanity!

NO DRUGS! NO SIDE EFFECTS! NO COST! NO OFFICE VISIT! NO DOCTORS!

EVERYONE VOLUNTEERS. YOU NEVER KNOW WHO YOU WILL MEET THERE!

You may find your next employer, property manager, babysitter, ride-share person or friend!
