

Fair Shake's RESOURCES FOR REGISTRANTS page:

We are currently in the process of building this page and want to make it as useful as possible for all. We understand that access to the internet may be limited upon release, if allowed at all, so we want to provide as many physical addresses as possible, to add to the software for those who are currently incarcerated, unfortunately not many are available. If you find or know of any resources to add to this page please send them in to us so that we can make them available as soon as possible. Thank you.
